The Ring and the Crown Alison Weir 2011 Presents a history of British royal weddings, from 1066 to 2011.

The Children of Henry VIII Alison Weir 2011-09-21 "Fascinating . . . Alison Weir does full justice to the subject."—The Philadelphia Inquirer At his death in 1547, King Henry VIII left four heirs to the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the fragile Lady Jane Grey, to the savagery of "Bloody Mary," and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of the most enduring myths in English history, combining the best of the historian's and the biographer's art. "Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed—and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted."—The New York Times Book Review **Kings and Queens of England and Scotland (Revised)** Perfection Learning Corporation 2011 From the first Saxon king to today's Prince Charles, this compact visual guide conveys the drama and history of Britain's royal lineage. Over 100 color illustrations.

The Life of Elizabeth I Alison Weir 2013-04-24 NEW YORK TIMES BESTSELLER Perhaps the most influential sovereign England has ever known, Queen Elizabeth I remained an extremely private person throughout her reign, keeping her own counsel and sharing secrets with no one—not even her closest, most trusted advisers. Now, in this brilliantly researched, fascinating new book, acclaimed biographer Alison Weir shares provocative new interpretations and fresh insights on this enigmatic figure. Against a lavish backdrop of pageantry and passion, intrigue and war, Weir dispels the myths surrounding Elizabeth I and examines the contradictions of her character. Elizabeth I loved the Earl of Leicester, but did she conspire to murder his wife? She called herself the Virgin Queen, but how chaste was she through dozens of liaisons? She never married—was her choice to remain single tied to the chilling fate of her mother, Anne Boleyn? An enthralling epic that is also an amazingly intimate portrait, *The Life of Elizabeth I* is a mesmerizing, stunning reading experience.

Crown and Sceptre Tracy Borman 2021-11-18

Royalty for Commoners Roderick W. Stuart 2002-01-01 This is the new Third Edition of *Royalty for Commoners*, the first book ever to document the complete known genealogy of John of Gaunt, son of King Edward III & Queen Philippa. The importance of this documentation is that any commoner who can connect his or her own family lineage to that of John of Gaunt can now be shown to share the same basic royal heritage as the most noble knight-the complete heritage, not just the Plantagenet ascent. This is the usual lineage through which a commoner can enter the domain of European royalty, though one might enter the lineage at any number of points. Typically, the American descendant has several colonial ancestors, one or more of whom can be traced to European beginnings. Using over 2,000 published sources, as well as the spectacular resources of the Internet, Mr. Stuart here offers the researcher a host of possibilities, pointing the reader to numerous descents of which he may be completely unaware. This new Third Edition is a nearly complete reworking of previous editions & includes the following changes. * Two dozen lines have been lengthened * Sources now include dates of publication * There are two indexes rather than one, an every-name index & an index of royal titles * Research now ventures into the years before Christ * The Bibliography has been significantly refined & expanded

On Royalty Jeremy Paxman 2007-09-06 Jeremy Paxman is used to making politicians explain themselves - but royalty has always been off limits. Until now. In *On Royalty* he delves deep into the past and takes a long hard look at our present incumbents to find out just what makes them tick. Along the way he discovers some fascinating and little-known details. Such as- how Albania came to advertise in England for a king which English queen gave birth in front of 67 people how easy it is to beat up future kings of England and how meeting the Queen is a bit scary - whoever you are...

The Mammoth Book of British Kings & Queens Mike Ashley 1999-09 Covers more than 1000 rulers and two millennia of history

Six Tudor Queens: Anna of Kleve, Queen of Secrets Alison Weir 2019-05-02 'Alison Weir transforms Henry VIII's much-maligned fourth wife into a woman of passion, courage and mystery' Tracy Borman Alison Weir, historian and author of the Sunday Times bestsellers *Katherine of Aragon: The True Queen*, *Anne Boleyn: A King's Obsession* and *Jane Seymour: The Haunted Queen*, paints a spellbinding portrait of Anna of Kleve, Henry VIII's fourth queen. 'This six-book series looks likely to become a landmark in historical fiction' *The Times* A GERMAN PRINCESS WITH A GUILTY SECRET. The King is in love with a portrait, but the real Anna does not enchant him. She must win him over. Everyone knows that Henry won't stand for a problem queen. But rumours of Anna's past are rife at court - dangerous talk that could mark her downfall. Can this clever, spirited young woman reach out in friendship to the King, and gain his love forever? ANNA OF KLEVE THE FOURTH OF HENRY'S QUEENS HER STORY Acclaimed, bestselling historian Alison Weir draws on new evidence to conjure a startling image of Anna as you've never seen her before. A charming, spirited woman, she was loved by all who knew her - and even, ultimately, by the King who rejected her. History tells us she was never crowned. But her story does not end there. SIX TUDOR QUEENS. SIX NOVELS. SIX YEARS. 'Alison Weir makes history come alive as no one else' Barbara Erskine 'Weir is excellent on the little details that bring a world to life' *Guardian*

Britain's Royal Families Alison Weir 2008 "George III is alleged to have married secretly, on 17th April, 1759, a Quakeress called Hannah Lightfoot, daughter of a Wapping shoemaker, who is said to have borne him three children. Documents relating to the alleged marriage, bearing the Prince's signature, were impounded and examined in 1866 by the Attorney General. Learned opinion at the time leaned to the view that these documents were genuine. They were then placed in the Royal Archives at Windsor; in 1910, permission was refused a would-be author who asked to see them. If George III did make such a marriage when he was Prince of Wales, before the passing of the Royal Marriages Act in 1772, then his subsequent marriage to Queen Charlotte was bigamous, and every monarch of Britain since has been a usurper, the rightful heirs of George III being his children by Hannah Lightfoot, if they ever existed"--Britain's Royal Families."Britain's Royal Families" is a unique reference book. It provides, for the first time in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from 800AD to the present. Here is the vital biographical information relating not only to each monarch, but also to every member of their immediate family, from parents to grandchildren. Drawing on countless authorities, both ancient and modern, Alison Weir explores the royal family tree in unprecedented depth and provides a comprehensive guide to the heritage of today's royal family.

Eleanor Of Aquitaine Alison Weir 2011-02-28 Eleanor, Duchess of Aquitaine was one of the leading personalities of the Middle Ages and also one of the most controversial. She was beautiful, intelligent and wilful, and in her lifetime there were rumours about her that were not without substance. She had been reared in a relaxed and licentious court where the arts of the troubadours flourished, and was even said to have presided over the fabled Courts of Love. Eleanor married in turn Louis VII of France and Henry II of England, and was the mother of Richard the Lionheart and King John. She lived to be 82, but it was only in old age that she triumphed over the adversities and tragedies of her earlier years and became virtual ruler of England. Eleanor has exerted a fascination over writers and biographers for 800 years, but the prevailing myths and legends that attach to her name still tend to obscure the truth. By careful research, Alison Weir has produced a vivid biography with a fresh and provocative perspective on this extraordinary woman.

Britain's Royal Families Alison Weir 2002 A unique reference book that provides, for the first time in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from AD 800 to the present. Provides a comprehensive guide to the heritage of today's royal family.

The Children of Henry VIII Alison Weir 1997 Recounts the lives of Henry VIII's heirs and the intrigues that

arose from their struggle to ascend their father's throne

Slavery and the British Country House Andrew Hann 2013 In 2007 English Heritage commissioned initial research into links with transatlantic slavery or its abolition amongst families who owned properties now in its care. This was part of the commitment by English Heritage to commemorate the bicentenary of the abolition of the British transatlantic slave trade with work that would make a real difference to our understanding of the historic environment in the longer term. The research findings and those of other scholars and heritage practitioners were presented at the 'Slavery and the British Country House' conference which brought together academics, heritage professionals, country house owners and community researchers from across Britain to explore how country houses might be reconsidered in the light of their slavery linkages and how such links have been and might be presented to visitors. Since then the conference papers have been updated and reworked into a cutting edge volume which represents the most current and comprehensive consideration of slavery and the British country house as yet undertaken.

Lancaster And York Alison Weir 2011-04-18 The war between the houses of Lancaster and York for the throne of England was characterised by treachery, deceit and - at St Albans, Blore Hill and Towton, - some of the bloodiest and most dramatic battles on England's soil. Between 1455 and 1487 the royal coffers were bankrupted and the conflict resulted in the downfall of the houses of Lancaster and York and the emergence of the illustrious Tudor dynasty. Alison Weir's lucid and gripping account focuses on the human side of history, on the people and personalities involved in the conflict. At the centre of the book stands Henry VI, the pious king whose mental instability led to political chaos, Richard Plantagenet, Duke of York and Henry's rival, and most important of all, Margaret of Anjou, Henry's wife who took up her arms in her husband's cause and battled for many years in a violent man's world.

Kensington Palace Sebastian Edwards 2019-01-15 Go behind the scenes of generations of the British royal family, exploring both the glamour and domestic life inside the spectacular 300-year-old Kensington Palace

Queens of the Conquest Alison Weir 2017-09-26 In the first volume of an exciting new series, bestselling author Alison Weir brings the dramatic reigns of England's medieval queens to life. The lives of England's medieval queens were packed with incident—love, intrigue, betrayal, adultery, and warfare—but their stories have been largely obscured by centuries of myth and omission. Now esteemed biographer Alison Weir provides a fresh perspective and restores these women to their rightful place in history. Spanning the years from the Norman conquest in 1066 to the dawn of a new era in 1154, when Henry II succeeded to the throne and Eleanor of Aquitaine, the first Plantagenet queen, was crowned, this epic book brings to vivid life five women, including: Matilda of Flanders, wife of William the Conqueror, the first Norman king; Matilda of Scotland, revered as “the common mother of all England”; and Empress Maud, England’s first female ruler, whose son King Henry II would go on to found the Plantagenet dynasty. More than those who came before or after them, these Norman consorts were recognized as equal sharers in sovereignty. Without the support of their wives, the Norman kings could not have ruled their disparate dominions as effectively. Drawing from the most reliable contemporary sources, Weir skillfully strips away centuries of romantic lore to share a balanced and authentic take on the importance of these female monarchs. What emerges is a seamless royal saga, an all-encompassing portrait of English medieval queenship, and a sweeping panorama of British history. Praise for *Queens of the Conquest* “Best-selling author [Alison] Weir pens another readable, well-researched English history, the first in a proposed four-volume series on England’s medieval queens. . . . Weir’s research skills and storytelling ability combine beautifully to tell a fascinating story supported by excellent historical research. Fans of her fiction and nonfiction will enjoy this latest work.”—Library Journal (starred review) “Another sound feminist resurrection by a seasoned historian . . . Though Norman queens were largely unknowable, leave it to this prolific historical biographer to bring them to life. . . . As usual, Weir is meticulous in her research.”—Kirkus Reviews

The Oxford Illustrated History of the British Monarchy John Cannon 1988 Offers profiles of Britain's royalty of the past and present, and traces changes in the role of the British monarchy

Ancestors Alice Roberts 2021-05-27 An extraordinary exploration of the ancestry of Britain through seven burial sites. By using new advances in genetics and taking us through important archaeological discoveries, Professor Alice Roberts helps us better understand life today. 'This is a terrific, timely and transporting book - taking us heart, body and mind beyond history, to the fascinating truth of the prehistoric past and the present' Bettany Hughes We often think of Britain springing from nowhere with the arrival of the Romans. But in *Ancestors*, pre-eminent archaeologist, broadcaster and academic Professor Alice Roberts explores what we can learn about the very earliest Britons, from burial sites and by using new technology to analyse ancient DNA. Told through seven fascinating burial sites, this groundbreaking prehistory of Britain teaches us more about ourselves and our history: how people came and went and how we came to be on this island. It explores forgotten journeys and memories of migrations long ago, written into genes and preserved in the ground for thousands of years. This is a book about belonging: about walking in ancient places, in the footsteps of the ancestors. It explores our interconnected global ancestry, and the human experience that binds us all together. It's about reaching back in time, to find ourselves, and our place in the world.

The Royal Families of England, Scotland, and Wales John Burke 1848

Lines of Succession Jiří Louda 2002 LINES OF SUCCESSION was first published in 1981 and is now available in paperback for the first time. It presents a comprehensive account of both the heraldic and the genealogical history of European Royalty and is fully illustrated throughout.Beginning with heraldry in the eleventh century, the two experts who collaborated to make the book present the heraldic shields as well as the genealogy of all the Royal families of Europe, past and present. The genealogical tables provide detailed family trees, country by country. The coat-of-arms representing the various matrimonial alliances show how heraldic devices evolved and developed from simple symbols to complex quarterings. Additional tables highlight the most important historical events involving dynastic succession. The text describes the historical background to each Royal family tree, and shows how such events are reflected in the make-up of the Royal coat of arms.

Queen Victoria's Granddaughters Christina Croft 2013-10 On 6th July 1868, when told of the birth of her seventh granddaughter, Queen Victoria remarked that the news was 'a very uninteresting thing for it seems to me to go on like the rabbits in Windsor Park.' Her apathy was understandable - this was her fourteenth grandchild, and, though she had given birth to nine children, she had never been fond of babies, viewing them as 'frog-like and rather disgusting...particularly when undressed.' The early years of her marriage had, she claimed, been ruined by frequent pregnancies; and large families were unnecessary for wealthy people since the children would grow up with nothing worthwhile to do. Nevertheless, her initial reaction to the birth of Princess Victoria of Wales belied the genuine concern that Queen Victoria felt for each of her twenty-two granddaughters. 'As a rule,' she wrote, 'I like girls best,' and she devoted a great deal of time to their wellbeing and happiness, showering them with an affection she had seldom shown her own children.By 1914, through a series of dynastic marriages, the Queen's granddaughters included the Empress of Russia, the Queens of Spain, Greece and Norway, and the Crown Princesses of Roumania and Sweden. As their brothers and cousins occupied the thrones of Germany, Britain and Denmark, Prince Albert's dream of a peaceful Europe created through bonds of kinship seemed a real possibility. Yet in little more than a decade after Queen Victoria's death, the Prince Consort's dream would lie shattered in the carnage of the First World War. Royal cousins and even siblings would find themselves on opposing sides; two of them would die horrifically at the hands of revolutionaries and several others would be ousted from their thrones. They had lived through the halcyon days of the European monarchies but their lives, like the lives of millions of their peoples, would be changed forever by the catastrophe played out on the battlefields of France.Through all the upheavals, tragedies and conflicts one person had bound them together and, even when wars had divided their nations, to the end of their lives, they would look back and remember 'dearest grandmama' with love.

Middle English Literature Christopher Cannon 2013-04-18 This book provides a boldly original account of Middle English literature from the Norman Conquest to the beginning of the sixteenth century. It argues that these centuries are, in fundamental ways, the momentous period in our literary history, for they are the long moment in which the category of literature itself emerged as English writing began to insist, for

the first time, that it floated free of any social reality or function. This book also charts the complex mechanisms by which English writing acquired this power in a series of linked close readings of both canonical and more obscure texts. It encloses those readings in five compelling accounts of much broader cultural areas, describing, in particular, the productive relationship of Middle English writing to medieval technology, insurgency, statecraft and cultural place, concluding with an in depth account of the particular arguments, emphases and techniques English writers used to claim a wholly new jurisdiction for their work. Both this history and its readings are everywhere informed by the most exciting developments in recent Middle English scholarship as well as literary and cultural theory. It serves as an introduction to all these areas as well as a contribution, in its own right, to each of them.

The House of Beaufort Nathen Amin 2017-08-15 John of Gaunt's illegitimate line whose role in the Wars of the Roses led to the capture of the crown.

Crown and Country: A History of England through the Monarchy David Starkey 2010-10-28 An exploration of the British monarchy from the retreat of the Romans up until the modern day. This compendium volume of two earlier books is fully revised and updated.

Kings, Queens, Bones and Bastards David Hilliam 2011-08-26 Who invented the 'House of Windsor' as a royal name? Who founded Westminster Abbey? Which king had twenty-one illegitimate children? David Hilliam answers all these questions and more. Here is a continuous history of the English monarchy, showing how the nine dynasties rose and fell. The book describes the most memorable features of the life and times of each king or queen - from Egbert, crowned in 802 and considered the first king of England, to Queen Elizabeth II - as well as recording the extraordinary lives of their queens, consorts, mistresses and bastard children. It also tells the story of the Saxons, describes what has happened to the monarchs' mortal remains, and relates many lively incidents of royal history that rarely appear in the text books. Read of the saintly Edward the Confessor, who is believed to have refused to consummate his marriage; of the rumbustious Henry VIII, given to beheading those who displeased him; of the 'little gentleman in black velvet', who caused the death of William III; and of Queen Victoria's strange servant, the 'Munshi', Queen Emma, who endured a trial by ordeal; and Anne Boleyn, widely suspected of being a witch. A complete list of the monarchs' reigns and a genealogical table showing the royal descent down thirty-seven generations from Egbert to Elizabeth II adds to the volume's reference value.

Queen Victoria's Gene Professor D M Potts 2011-10-21 Queen Victoria's son, Prince Leopold, died from haemophilia, but no member of the royal family before his generation had suffered from the condition. Medically, there are only two possibilities: either one of Victoria's parents had a 1 in 50,000 random mutation, or Victoria was the illegitimate child of a haemophiliac man. However the haemophilia gene arose, it had a profound effect on history. Two of Victoria's daughters were silent carriers who passed the disease to the Spanish and Russian royal families. The disease played a role in the origin of the Spanish Civil War; and the tsarina's concern over her only son's haemophilia led to the entry of Rasputin into the royal household, contributing directly to the Russian revolution.

The Six Wives of Henry VIII Alison Weir 2011-05-31 One of the most powerful monarchs in British history, Henry VIII ruled England in unprecedented splendour. In this remarkable composite biography, Alison Weir brings Henry's six wives vividly to life, revealing each as a distinct and compelling personality in her own right. Drawing upon the rich fund of documentary material from the Tudor period, *The Six Wives of Henry VIII* shows us a court where personal needs frequently influenced public events and where a life of gorgeously ritualised pleasure was shot through with ambition, treason and violence. 'At last we have the truth about Henry VIII's wives. This book is as reliable and scholarly as it is readable' Evening Standard

The Lives of the Kings & Queens of England Antonia Fraser 2001-01-25 A complete overview of England's royal heritage at an unbeatable price Edited by the historian Antonia Fraser Written by an expert team of contributors Includes complete genealogies for each of England's royal houses

Moments of Glad Grace Alison Wearing 2020-04-07 Alison accompanies her father, in the early stages of Parkinson's Disease, on a trip to Dublin to indulge his love of genealogy. Through wit and humor, Alison learns to come to terms with her father's mortality and realizes that it's the unremarkable moments that are the most important ones.

Britain's Royal Families Alison Weir 2011-04-18 Fascinating and authoritative of Britain's royal families from Henry VIII to Elizabeth I to Queen Victoria, by leading popular historian Alison Weir 'George III is alleged to have married secretly, on 17th April, 1759, a Quakeress called Hannah Lightfoot. If George III did make such a marriage...then his subsequent marriage to Queen Charlotte was bigamous, and every monarch of Britain since has been a usurper, the rightful heirs of George III being his children by Hannah Lightfoot...' Britain's Royal Families provides in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from 800AD to the present. Drawing on countless authorities, both ancient and modern, Alison Weir explores the crown and royal family tree in

unprecedented depth and provides a comprehensive guide to the heritage of today's royal family - with fascinating insight and often scandalous secrets. 'Staggeringly useful... combines solid information with tantalising appetisers.' Mail on Sunday

The Other Boleyn Girl (Movie Tie-In) Philippa Gregory 2008-01-22 The daughters of a ruthlessly ambitious family, Mary and Anne Boleyn are sent to the court of Henry VIII to attract the attention of the king, who first takes Mary as his mistress, in which role she bears him an illegitimate son, and then Anne as his wife. Reprint. 250,000 first printing. (A Columbia Pictures film, written by Peter Morgan, directed by Justin Chadwick, releasing Fall 2007, starring Natalie Portman, Scarlett Johansson, Eric Bana, and others) (Historical Fiction)

Eleanor of Aquitaine Alison Weir 2012-12-05 In this beautifully written biography, Alison Weir paints a vibrant portrait of a truly exceptional woman and provides new insights into her intimate world. Renowned in her time for being the most beautiful woman in Europe, the wife of two kings and mother of three, Eleanor of Aquitaine was one of the great heroines of the Middle Ages. At a time when women were regarded as little more than chattel, Eleanor managed to defy convention as she exercised power in the political sphere and crucial influence over her husbands and sons. Eleanor of Aquitaine lived a long life of many contrasts, of splendor and desolation, power and peril, and in this stunning narrative, Weir captures the woman—and the queen—in all her glory. With astonishing historic detail, mesmerizing pageantry, and irresistible accounts of royal scandal and intrigue, she recreates not only a remarkable personality but a magnificent past era.

A History of the English Monarchy Gareth Russell 2015-03-24 In *A History of the English Monarchy*, historian Gareth Russell traces the story of the English monarchy and the interactions between popular belief, religious faith and brutal political reality that helped shape the extraordinary journey of one of history's most important institutions. From the birth of the nation to the dazzling court of Elizabeth I, *A History of the English Monarchy* charts the fascinating path of the English monarchy from the uprising of 'Warrior Queen' Boadicea in AD60 through each king and queen up to the 'Golden Age' of Elizabeth I. Russell offers a fresh take on a fascinating subject as old as the nation itself. Legends, tales and, above all, hard facts tell an incredible story... a history of the English Monarchy.

Isabella Alison Weir 2012 Weir revisits the life of Isabella, Edward II's Queen. A pawn in 14th century European politics she was married to Edward at the age of 12 and so began a turbulent and eventful life. *The Kings and Queens of England* Ian Crofton 2011 From the reign of Alfred the Great - the first king of Wessex to call himself 'king of England' - in the 9th century, to the shock of Norman invasion in the 11th, and from the brutal vicissitudes of late medieval kingship to the comfortable ceremonial of modern-day constitutional monarchy, the story of England's kings and queens is to a large degree that of England herself. *Kings and Queens of England* offers readable profiles of 59 English monarchs from Harold II to Henry VIII, and from Ethelred the Unready to Elizabeth II. Each monarch is elegantly profiled and the impact of their rule on wider English history clearly and concisely described and analysed. For every king and queen there is a detailed timeline, and the narrative is further amplified by display quotations, feature boxes, panels of key biographical facts, and - last but not least - by 135 lavish full-colour images. Ian Crofton recounts a 1000-year tale of murder, invasion, usurpation, adultery, divorce, civil war and revolution in a manner that is as entertaining as it is informative. *The Kings and Queens of England* is the perfect choice for anyone looking for an illustrated account of the English monarchy from the Anglo-Saxon era to the present.

Mary Queen of Scots Alison Weir 2011-04-30 On the night of 10 February 1567 an explosion devastated the Edinburgh residence of Henry Stewart, Lord Darnley, second husband of Mary, Queen of Scots. Found naked amongst the destruction, the bodies of Darnley and his valet bore marks of strangulation. Alison Weir's investigation of Darnley's murder is set against one of the most dramatic periods in British history. Her conclusions shed a brilliant new light on the actions and motives of the conspirators and, in particular, the extent of Mary's own involvement. 'A monumental piece of historical detective work' Observer

The Royal Line of Succession Dulcie Ashdown 1999-02-01 The best-selling illustrated guide to the British Monarchy and the succession process, updated and redesigned for 2018. Queen Elizabeth II is descended from King Egbert through 12 centuries of monarchs. Showcasing all the family trees, from the Anglo-Saxons to the Windsors, this useful guidebook explains the fascinating process on how power transferred from one monarch to the next. This beautifully illustrated book forms part of the Pitkin Royal Collection series, celebrating the lives of the British royal family. Other notable titles in this insightful series include *Royal Babies*, *The Queen and Her Family* and *Queen Elizabeth II*.

The Tudors G. J. Meyer 2010 Meyer's fresh storytelling ability breathes new life into the history of the Tudor family and Tudor England's precarious place in world politics, the critical role religion played in government, and the blossoming of English theater and literature.

Prominent Families of New York Lyman Horace Weeks 1898
