**Multinational Finance** Kirt C. Butler 2012-08-28 An in-depth treatment of the international financial arena Multinational Finance, Fifth Edition assumes the viewpoint of the financial manager of a multinational corporation with investment or financial operations in more than one country. This book provides a framework for evaluating the many opportunities, costs, and risks of multinational operations in a manner that allows readers to see beyond the math and terminology surrounding this field to realize the general principles of multinational financial management. Logically organized and written in a clear, non-technical style, this book includes information on international finance topics such as foreign exchange, currency and derivatives markets, currency risk (transaction, operating, and translation) management, country risk, international taxation, capital structure, cost of capital, and international portfolio diversification. It also offers unique chapters on multinational treasury management, the rationale for hedging currency risks, options on real assets, international corporate governance, asset pricing, and portfolio management. Emphasizes the managerial aspects of multinational finance with graphs, figures, and the use of numerous real-world examples Expands on the treatment of parity disequilibria to include exchange rate expectations that differ from parity and a project's operating exposure to currency risk Provides an overview and comparison of the various derivative instruments and their use in risk hedging Contains valuable insights on valuation and management of a multinational corporation's investments If you're looking for the best way to gain a firm understanding of multinational finance, look no further than the fifth edition of this classic text.

**Ebook: Auditing & Assurance Services** Timothy Louwers 2014-10-16 Auditors are trained to investigate beyond appearances to determine the underlying facts—in other words, to look beneath the surface. The recent financial crisis has made this skill even more crucial to the business community. As a result of this recent crisis and of the financial statement accounting scandals that occurred at the turn of the century, understanding the auditor's responsibility related to fraud, maintaining a clear perspective, probing for details, and understanding the big picture are indispensable to effective auditing. The author team of Louwers, Ramsay, Sinason, Strawser, and Thibodeau has dedicated years of experience in the auditing field to this new edition of Auditing & Assurance Services, supplying the necessary investigative tools for future auditors.

**Management and Cost Accounting** Colin Drury 1997 The market-leading European text on management accounting and comprehensive authority on all aspects of the subject has been streamlined and substantially redesigned in its 6th edition to make it even more suitable for the needs of today's student. The aim of the new edition is to explain the principles involved in the design and evaluation of management and cost accounting information systems. The emphasis in the book is on management accounting systems that will be used for internal decision-making purposes within an organisation, however, cost accounting systems for external reporting are also comprehensively covered. It has been brought up to date with the latest developments in the subject. Having been made stronger pedagogically with the addition of the answers to the questions and more real-world mini cases, the text brings home the relevance of the subject matter to the real world of business.

**An African Elegy** Ben Okri 2015-04-30 Dreams are the currency of Okri's writing, particularly in this first book of poems, An African Elegy, but also in his books of short stories and prize-winning novel The Famished Road. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, Times Literary Supplement **Study and Master Accounting Grade 12 CAPS Learner's Book** E. Conradie 2013-07-05

**McKeachie's Teaching Tips** Wilbert McKeachie 2013-01-01 This indispensable handbook provides helpful strategies for dealing with both the everyday challenges of university teaching and those that arise in efforts to maximize learning for every student. The suggested strategies are supported by research and adaptable to specific classroom situations. Rather than suggest a "set of recipes" to be followed mechanically, the book gives instructors the tools they need to deal with the ever-changing dynamics of teaching and learning.
