Apple iPad Pro User Guide Daniel Smith 2019-11-04 The latest iPad Pro includes the most significant changes Apple has made to its tablets in years. There's USB-C instead of Lightning, Face ID instead of Touch ID, and the device is more portable. The release of iPadOS 13 brought so many features that removed all my regrets about the iPad Pro. The addition of mouse support and full access to drives plugged into the USB-C port are game changers. And giving apps the ability to open multiple windows simultaneously greatly simplifies my workflow. Apple took the unusual route of waiting 9 months after the iPad Pro's debut to introduce a software update that makes the tablet shine. This book is written in simple and clear terms with a step-by-step approach that will help you to master your iPad Pro within the shortest period of time. Inside you will discover: - Basic set up guide-Essential Settings and configurations-Explore the iPad Home screen and open apps-Set up mail, contacts, and calendar accounts-Switch between apps on iPad-Move and organize apps on iPad-Open two items in Split View on iPad-Open an app in Slide Over on iPad-Install and manage app extensions on iPad-Multitask with Picture in Picture on iPad-Use AirDrop on iPad to send items to devices near you-

If you believe some news stories, the latest iPad update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPad and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPad doesn't come with a handbook / user guide, but don't believe other handbooks that tell you that's why you need to buy their handbook! iPad does have a handbook! So why do you need this book? This book was written for my parents; people who needed to know as much as possibly, as quickly as possibly. There are people who want to know every single little detail about the iPad, and you will find that in Apple's comprehensive manual; but if you are like my parents—new to the iPad and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you—people who just want to know how to add their contacts, take photos, and email. It's not for advance users, although

if you are upgrading from the previous Apple iOS (iOS 8) you will probably find it useful. If you are ready to learn, then read on!
