*A Beautiful but Tormented Mind* R. P. Erasmus 2011-06-16 From two discordant families, who merged through the marriage of the son of one and daughter of the other, came a young lady who would change their lives. Nicole Hoffman had extraordinary personality traits, the most amazing of which was her unpublicised claim that she could see into the minds of her predecessors. Injuries from a horriic c horse-riding accident disclosed this trait, which medical science was unable to explain despite great efforts. Sensitively written and intriguing, R P Erasmus’ ‘A Beautiful but Tormented Mind’ weaves a compelling tale of unity, love, persistence and perseverance.

**Just a Larger Family** Mary F. Williamson 2011-05-15 The Second World War had been under way for a year when Marie and John Williamson welcomed two English brothers to join them and their two children in their small house in north Toronto for the duration of the conflict. Marie wrote over 150 letters to the boys’ mother, Margaret Sharp, imagining that she could make Margaret feel she was still with her children. She shepherded the boys through education decisions and illnesses, eased them into a strange new life, and rejoiced when they embraced unfamiliar winter sports. The letters brim with detail about family holidays, the financial implications of an extended family, their involvement in their church, and the games and activities that kept them occupied. Marie’s letters reflect the lives and concerns of a particular family in Toronto, but they also reveal a portrait of what was then Canada’s second-largest city during wartime. The introduction is by Mary F. Williamson, Marie’s daughter, and Tom Sharp, Margaret’s youngest son. The book features a foreword by Jonathan Vance that puts the letters in historical context.

**Spud** John van de Ruit 2012-09-18 It’s South Africa 1990. Two major events are about to happen: the release of Nelson Mandela and, more importantly, it’s Spud Milton’s first year at an elite boys only private school. Cursed with parents from well beyond the Lunatic fringe, a senile granny, and a dormitory full of strange characters, Spud has his hands full trying to adapt to his new home. Surrounded by names such as Gecko, Rambo, Rain Man and Mad Dog, Spud takes his first tentative steps along the path to manhood. (The path, it seems, could be a rather long road.) Armed with only his wits and his diary, Spud takes us from illegal night swimming to the red-hot furnace of the cricket pitch, from ghostbusting to a catastrophic family vacation. He also invites us into the mind of a boy struggling to come to terms with a strange new world; a boy whose eyes are being opened to love, friendship and complete insanity.

**South African Language Rights Monitor 2004** Theo du Plessis 2011-11-01 The South African Language Rights Monitor (SALRM) Project surveys the mainstream newspapers of South Africa with a view to compile annual reports on the developments on the language front in the country. While the main focus is on language rights and language (rights) activism, the yearly Monitor also covers other language-related problems, including name changes, as well as aspects of language promotion. For anybody interested in subjects ranging from the (proposed) renaming of Bloemfontein, Louis Trichardt, Pretoria, Port Elizabeth and Johannesburg International Airport to the incident of Johann Rupert withdrawing his advertisements from a British magazine, and from the saga on mother-tongue education at schools to the language policy in the judicial system and the success of the South African films Yesterday and U-Carmen eKhayelitsha, the SALRM 2005 provides a rich source of information. The SALRM Project is housed in the Department of Language Management and Language Practice at the University of the Free State.

*Social Demography of South Africa* Clifford O. Odimegwu 2015-08-27 This edited collection investigates what progress has been made in the field of social demography in South Africa since the democratic dispensation in the country. Contributors offer a compilation of in-depth analytical studies of substantive, technical and contemporary issues in the South African demographic landscape. Accessible and topical, it is a useful reference guide to those working in disciplines such as sociology, geography, statistics and economics, and to all those trying to understand the role of national statistical agency in national development planning in Africa. This book project is funded by Statistics South Africa, Pretoria, South Africa.

The 92 revised full papers presented were carefully reviewed and selected from 278 papers. The topics covered are architecture for trusted computing systems, trusted computing platform, trusted systems build, network and protocol security, mobile network security, network survivability and other critical theories and standard systems, credible assessment, credible measurement and metrics, trusted systems, trusted networks, trusted mobile network, trusted routing, trusted software, trusted operating systems, trusted storage, fault-tolerant computing and other key technologies, trusted e-commerce and e-government, trusted logistics, trusted internet of things, trusted cloud and other trusted services and applications.

**Studying Diversity in Teacher Education** Arnetha F. Ball 2011-01-16 Studying Diversity in Teacher Education is a collaborative effort by experts seeking to elucidate one of the most important issues facing education today. The contributors address historically persistent issues such as understanding how to teach diversity, while also providing research and case studies on how the issues are being resolved. Concluding the volume with an agenda for future research, Studying Diversity in Teacher Education is a necessary resource for all educators.

**Earthquake Geotechnical Engineering for Protection and Development of Environment and Constructions** Francesco Silvestri 2019-07-19 Earthquake Geotechnical Engineering for Protection and Development of Environment and Constructions contains invited, keynote and theme lectures and regular papers presented at the 7th International Conference on Earthquake Geotechnical Engineering (Rome, Italy, 17-20 June 2019. The contributions deal with recent developments and advancements as well as case histories, field monitoring, experimental characterization, physical and analytical modelling, and applications related to the variety of environmental phenomena induced by earthquakes in soils and their effects on engineered systems interacting with them. The book is divided in the sections below: Invited papers Keynote papers Theme lectures Special Session on Large Scale Testing Special Session on Liquefact Projects Special Session on Lessons learned from recent earthquakes Special Session on the Central Italy earthquake Regular papers Earthquake Geotechnical Engineering for Protection and Development of Environment and Constructions provides a significant up-to-date collection of recent experiences and developments, and aims at engineers, geologists and seismologists, consultants, public and private contractors, local national and international authorities, and to all those involved in research and practice related to Earthquake Geotechnical Engineering.
