Pacific Northwest Adventure Guide Don Young 2009-10-24 A fantastic guide to the best outdoor fun in the Pacific Northwest, covering Oregon, Washington, Victoria and Vancouver in British Columbia and far northern California. This ever-popular region offers unlimited opportunities for the active traveler, and this book shows you where, when and how to find them. Kayaking, hiking, cycling, trekking, horseback riding, boating and more to fill your days with adventure. Sightseeing,

museums, galleries, theaters and picnicking will take care of your "down time." Maps, photos. "Most people are aware that the Space Needle is in Seattle and that the Columbia River Gorge is a must-see on any trip to the Northwest. But where should you turn for information about watching the killer whales (orcas) among Washington's gorgeous San Juan Islands? Fishing along the rugged Oregon coast? Hiking in country said to be frequented by Bigfoot himself? Parasailing over Puget Sound? Engaging some llamas to carry your gear on a camping trip to the high country? And much, much more. "Adventure Guide to the Pacific Northwest" will take you where you want to go." -- Reader. "Adventure Guide to the Pacific Northwest by Don & Marjorie Young is a Hunter Travel Guide which I can also highly recommend. We love traveling in the Pacific Northwest but there is so very much to see I couldn't imagine how they could get it all into one book, but they have done a very good job of it! The organization of the book makes it easy to find just what you want in each area from restaurants and places to stay in all price ranges, tours, camping, information sources, maps, etc. I especially like the sections called Adventures which have separate categories for on foot, horseback, wheels, water, and snow. This is a guide worth having and nominally priced." -- Bonnie Neely

**Adventure Guide to the Pacific Northwest** Don Young 1999 This region offers many opportunities for the adventurous traveller, and this book aims to list the best of them. It is part of a series focusing on outdoor activities such as hiking, biking, rock climbing, horseback riding, downhill skiing, parasailing, backpacking, waterskiing and scuba diving.

**Glacier Mountaineering** Andy Tyson 2009-06-02 Glacier Mountaineering provides the knowledge and skills needed to safely and self-sufficiently navigate over glacier terrain. Hundreds of hilarious and helpful illustrations by Mike Clelland complement the clear and concise text by Andy

Tyson. Providing critical instruction for anyone planning to travel over glacier country—from the Cascades to the Rockies to Denali—this book will guide and entertain readers through glacier anatomy, equipment, route finding, and rescue techniques.

*Guardians of the Wild* Robert J. Burns 2000 A Canadian historian and a 39-year veteran of the Warden Service collaborate on this history of the Warden Service from its formative years to the present. Covers evolving National Park philosophies and how the expanding park system, changing societal expectations, and technological change brought change to the role of the park warden. Annotation copyrighted by Book News Inc., Portland, OR.

Cascade Alpine Guide: Rainy Pass to Fraser River Fred Beckey 1987 Comprehensive climbing approach, route guides to Washington's Cascades.

**Washington Ice** Jason D. Martin 2003 From established ice areas such as Alpentail and Leavenworth to routes being developed (or rediscovered) around Coulee City and Wenatchee, the word is finally out: There are ample opportunities for quality ice climbing in Washington state! Arctic Grail, The Drip, and Hanging Curtain are just a few of the hottest ice routes that await you. ....

**A Guide to Ozone Injury in Vascular Plants of the Pacific Northwest** Sarah Brace 1999

*Edward Feuz Jr* D. L. Stephen 2021-10 An intimate look at the life and climbs of Swiss alpine guide Edward Feuz Jr., patriarch of Canadian alpinism and genuine lover of mountains. As a young Swiss boy, Edward Feuz Jr. (1884-1981) developed an insatiable passion for climbing. In time, he traded his Lausbub reputation for that of a responsible Swiss guide and was eventually drawn to Canada in the footsteps of his father, Edward Feuz Sr. (1859-1944), who was one of the first Swiss guides hired by the Canadian Pacific Railway in 1898 to develop the alpinism in western Canada. Handsome and charismatic, Edward (while still in training for his

trade) was instantly smitten with the Canadian landscape -- and so were his guests. They raved about the young man who showed such exceptional skills. He guided them all -- professors, women of independent means, students, newspaper people, a Hindu holy man, even the creator of Sherlock Holmes, Sir Arthur Conan Doyle -- through untrailed forests, across roaring streams, up icy glaciers, and to the tops of rocky summits. Young and old, they were all enchanted, and so they returned time and again -- to the mountains and to their friend Edward. *Edward Feuz Jr.: A Story of Enchantment* transports the modern reader back to a simpler time, when mountaineering in North America was less about pushing personal limits and more about the splendour of grand vistas, wide open spaces, and the opening of the West.

*Adventures of an Alpine Guide* Christian Klucker 1932

**Cascade Alpine Guide, Vol. 2; Stevens Pass to Rainy Pass** Fred Beckey 2003-06-09 \* Cascades climbing routes -- the guidebooks relied on for more than 25 years \* Northwest climbing legend Fred Beckey has summited and explored hundreds of Cascade peaks \* Hand-drawn maps and photos with route overlays, as well as approach information Volume II in the classic Cascade Alpine Guide series features expert information on more than 300 climbing and high routes in the Cascades. This volume covers the middle of the Cascade Range, from the foothills east of Puget Sound to Lake Chelan. You'll find geographical, historical, and geological overviews of the majestic mid-Cascade region, plus important tips on safety and backcountry usage. Legendary author/climber Fred Beckey includes technical and grade information for each route to make clear exactly what type of climb you are embarking upon.

**Backpacker** 1987-03 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled

magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

*Mount Rainier National Park, Washington* 2000

**Rainy Pass to Fraser River** Fred Beckey 2008-06-01

The godfather of North Cascades climbing updates the third of his seminal guides to this wild range. Included are 10 new topos, updated maps, over 100 photographs (75 with route overlays), route information and driving directions. Hikers, scramblers, serious climbers and Northwest rescue organizations, alike, have relied on Fred Beckey's Cascade Alpine Guides for decades to lead them through this wild mountain range. In addition to their comprehensiveness, the books provide a rare combination of aerial photos with route overlays, three-dimensional illustrated maps and climbing topos. The section of the North Cascades covered in this volume is roughly a pie-shaped area bounded by Hwy 97 and the Columbia River to the east, Lake Chelan to the west, and Hwy 20 to the north. Except for glaciers and some year-round snow fields, it's mostly dry, lonesome, open country, with beautiful granite spires jutting to the sky.

**Selected Climbs in the Cascades Vol 1, 2nd Ed.** 2003

This popular climbing guidebook for the Cascades includes 100 routes, displayed in overlays on photographs.

*The Beaver* 1979

[Backcountry Ski & Snowboard Routes Washington](#)

Martin Volken 2014-01-07 [CLICK HERE](#) to download a sample route from Backcountry Ski & Snowboard Washington Ski and snowboard adventures can be found year-round when you know where to look — start here! \* Only Mountaineers Books offers guidebooks for backcountry ski routes in Washington, and this is the newest and best available! \*Backcountry skiing is one of the fastest growing winter sports \*

Written by the authors of the bestselling instructional text on the sport, *Backcountry Skiing Washington's Cascades, Olympics, and Mount Rainier* are prime destinations for backcountry ski and snowboard adventure, and no one is better qualified to write this guidebook than Martin Volken and his team at Pro Guiding Service, based in the Cascade foothills. The all-new guidebook includes 80 routes throughout the state — plus one in British Columbia! — Ideal for intermediate to expert skiers or snowboarders. It features routes ranging from accessible day trips suitable for relative beginners to more challenging multiday traverses. **Fifty Classic Climbs of North America** Steve Roper 1979

**Voyages and Visions** Jas Elsner 1999 A much-needed contribution to the expanding interest in the history of travel and travel writing, *Voyages and Visions* is the first attempt to sketch a cultural history of travel from the sixteenth century to the present day. The essays address the theme of travel as a historical, literary and imaginative process, focusing on significant episodes and encounters in world history. The contributors to this collection include historians of art and of science, anthropologists, literary critics and mainstream cultural historians. Their essays encompass a challenging range of subjects, including the explorations of South America, India and Mexico; mountaineering in the Himalayas; space travel; science fiction; and American post-war travel fiction. *Voyages and Visions* is truly

interdisciplinary, and essential reading for anyone interested in travel writing. With essays by Kasia Boddy, Michael Bravo, Peter Burke, Melissa Calaresu, Jesus Maria Carillo Castillo, Peter Hansen, Edward James, Nigel Leask, Joan-Pau Rubies and Wes Williams.

**Cascade Alpine Guide: Columbia River to Stevens Pass** Fred Beckey 1987 The long-awaited revision of Fred Beckey's comprehensive and indispensable climbing guide is here at last. The first volume in the classic Cascade Alpine Guide series, *Columbia River to Stevens Pass* features expert information on more than 300 climbing and high routes, including Mount Rainier. Here you'll find geographical, historical, and geological overviews of the majestic North Cascades region, plus important tips on safety and backcountry usage and enough technical and grade information to make clear exactly what type of route you are embarking upon. The new, third edition is thoroughly revised and updated with new maps and photos, plus all the most recent resource materials. Without a doubt, this exhaustive resource should be a staple in every serious mountaineer's collection.

*Ecology & Wonder in the Canadian Rocky Mountain Parks World Heritage Site* Robert W. Sandford 2010 *Ecology and Wonder* celebrates Western Canada's breathtaking landscape. The book makes several remarkable claims. The greatest cultural achievement in the mountain region of western Canada may be what has been preserved, not what has been developed. Protecting the spine of the Rocky Mountains will preserve crucial ecological functions. Because the process of ecosystem diminshment and species loss has been slowed, an ecological thermostat has been kept alive. This may well be an important defence against future impacts of climate change in the Canadian West.

**2002 American Alpine Journal**

**Records of Mount Rainier National Park** 1998

*Climbing Washington's Mountains* Jeff Smoot 2021-10-01 This select guide includes detailed, easy

to follow directions to climbing 100 of Washington's most visible, historically significant, and interesting mountains with summits over 5,000 feet. From introductory level off-trail summit hikes and scrambles to multi-pitch alpine rock and high volcano climbs, this guide is suitable for beginning scramblers and alpine rock climbers as well as more experienced climbers. Blending all types of climbing at all levels of difficulty, you'll find routes to popular scrambling peaks such as Mount Si, classic alpine rock peaks such as Prusik Peak, and to big volcanoes including Mount Rainier. Fully revised and updated, this book has been praised by scramblers, alpine rock climbers, volcano climbers, and trip leaders alike as being an accurate, user-friendly guide with superb, easy-to-follow route descriptions and drawings, to the summits of the mountains that people actually want to climb.

*Mountaineering Beyond the Alps* Douglas W. Freshfield 2010-08 Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

**Columbia River to Stevens Pass** Fred Beckey 2000-08-01 Comprehensive climbing approach, route guides to Washington's Cascades.

Island Alpine Select Philip Stone 2014-08-18 Island Alpine Select describes in detail the alpine scrambles, rock and ice climbing routes on 70 of Vancouver Island's finest mountain peaks. With

rich, high resolution photographs, topographical maps, detailed access & route descriptions along with select images from some of the Island's classic climbs, Island Alpine Select digital edition is an indispensable resource for Island alpinists.

Chris Jones 1979-01-01

The complete history of North American mountaineering from the early nineteenth century through the 1970s.

The Challenge of Rainier, 40th Anniversary Dee Molenaar 2011-09-14 [CLICK HERE](#) to download the first chapter of The Challenge of Rainier, 40th Anniversary Edition \* Special 40th anniversary edition \* Featuring 125 photos, 90 illustrations, and 15 maps \* Original cover art by Dee Molenaar Originally published in 1971, The Challenge of Rainier is a classic in mountaineering reference and literature, long considered the definitive work on the climbing history of Mount Rainier. Author Dee Molenaar covers geology, glaciology, and climate; early climbs dating before 1900; the pioneering efforts on over 35 routes in winter and summer; notable summit climbs; mountain tragedies on the steep slopes; and the guides who have led summit seekers over the years. For the 40th anniversary edition new information includes more recent ascents, rescues, mountain guides, and climbing trends; updated statistics through 2010; and a new foreword by famed climber (and former Rainier guide) Ed Viesturs.
