Something's Rising Silas House 2009-04-17 Like an old-fashioned hymn sung in rounds, *Something's Rising* gives a stirring voice to the lives, culture, and determination of the people fighting the destructive practice of mountaintop removal in the coalfields of central Appalachia. Each person's story, unique and unfiltered, articulates the hardship of living in these majestic mountains amid the daily desecration of the land by

the coal industry because of America's insistence on cheap energy. Developed as an alternative to strip mining, mountaintop removal mining consists of blasting away the tops of mountains, dumping waste into the valleys, and retrieving the exposed coal. This process buries streams, pollutes wells and waterways, and alters fragile ecologies in the region. The people who live, work, and raise families in central Appalachia face not only the physical destruction of their land but also the loss of

their culture and health in a society dominated by the consequences of mountaintop removal. Included here are oral histories from Jean Ritchie, “the mother of folk,” who doesn’t let her eighty-six years slow down her fighting spirit; Judy Bonds, a tough-talking coal-miner’s daughter; Kathy Mattea, the beloved country singer who believes cooperation is the key to winning the battle; Jack Spadaro, the heroic whistleblower who has risked everything to share his insider knowledge of federal mining agencies; Larry Bush, who doesn’t back down even when speeding coal trucks are used to intimidate him; Denise Giardina, a celebrated writer who ran for governor to bring attention to the issue; and many more. The book features both well-known activists and people rarely in the media. Each oral history is prefaced with a biographical essay that vividly establishes the interview settings and the subjects’ connections to their region. Written and edited by

native sons of the mountains, this compelling book captures a fever-pitch moment in the movement against mountaintop removal. Silas House and Jason Howard are experts on the history of resistance in Appalachia, the legacy of exploitation of the region’s natural resources, and area’s unique culture and landscape. This lyrical and informative text provides a critical perspective on a powerful industry. The cumulative effect of these stories is stunning and powerful. *Something’s Rising* will long stand as a testament to the social and ecological consequences of energy at any cost and will be especially welcomed by readers of Appalachian studies, environmental science, and by all who value the mountain’s majesty—our national heritage.

Even As We Breathe Annette Saunooke Clapsaddle
2020-09-08 Nineteen-year-old Cowney Sequoyah yearns to escape his hometown of Cherokee, North Carolina, in the heart of the Smoky Mountains. When a summer job at Asheville's luxurious Grove Park Inn and Resort brings him one step closer to escaping the hills that both cradle and suffocate him, he sees it as an opportunity. With World War II raging in Europe, the inn is the temporary home of Axis diplomats and their families, who are being held as prisoners of war. Soon, Cowney's refuge becomes a cage when the daughter of one of the residents goes missing and he finds himself accused of abduction and murder. *Even As We Breathe* invokes the elements of bone, blood, and

flesh as Cowney navigates difficult social, cultural, and ethnic divides. After leaving the seclusion of the Cherokee reservation, he is able to explore a future free from the consequences of his family's choices and to construct a new worldview, for a time.

However, prejudice and persecution in the white world of the resort eventually compel Cowney to free himself from larger forces that hold him back as he struggles to unearth evidence of his innocence and clear his name.

everywhere in between-established him as a writer to watch. His second novel won't disappoint. Set in 1917, *A Parchment of Leaves* tells the story of Vine, a beautiful Cherokee woman who marries a white man, forsaking her family and their homeland to settle in with his people and make a home in the heart of the mountains. Her mother has strange forebodings that all will not go well, and she's right. Vine is viewed as an outsider, treated with contempt by other townspeople. Add to that her brother-in-law's fixation on her, and Vine's life becomes more complicated than she could have ever imagined. In the violent turn of events that ensues, she learns what it means to forgive others and, most important, how to forgive herself. As haunting as an old-time ballad, *A Parchment of Leaves* is filled with the imagery, dialect, music, and thrumming life of the Kentucky mountains. For Silas House, whose great-grandmother was Cherokee, this novel is also a tribute to

the family whose spirit formed him.

The Girl in the Blue Beret

Bobbie Ann Mason 2012-07-10

Inspired by the wartime experiences of her father-in-law, Bobbie Ann Mason has crafted the haunting and profoundly moving story of an American World War II pilot shot down in Occupied Europe, and his wrenching odyssey of discovery, decades later, as he uncovers the truth about those who helped him escape in 1944. At twenty-three, Marshall Stone was a confident, cocksure U.S. flyboy stationed in England, with several bombing raids in a B-17 under his belt. But when enemy fighters forced his plane to crash-land in a Belgian field during a mission to Germany, Marshall had to rely solely on the kindness of ordinary Belgian and French citizens to help him hide from and evade the Nazis. Decades later, restless and at the end of his career as an airline pilot, Marshall returns to the crash site and finds himself drawn

back in time, unable to stop thinking about the people who risked their lives to save Allied pilots like him. Most of all, he is obsessed by the girl in the blue beret, a courageous young woman who protected and guided him in occupied Paris. Framed in spellbinding, luminous prose, Marshall's search for her gradually unfolds, becoming a voyage of discovery that reveals truths about himself and the people he knew during the war. Deeply beautiful and impossible to put down, *The Girl in the Blue Beret* is an unforgettable story—intimate, affecting, exquisite—of memories, second chances, and one intrepid girl who risked it all for a stranger.

Divine Right's Trip Gurney Norman 1990 Fiction. A "novel of the counterculture," Gurney Norman's DIVINE RIGHT'S TRIP elicited comparison to Salinger and Kerouac upon its publication in 1971. "DIVINE RIGHT'S TRIP shows itself to be a subtly written and morally passionate epic of the counterculture, a fictional explication of the hopeful new consciousness come to birth. Divine Right is bigger than life, and in giving the story thus far of a segment of his generation, in prose nicely threaded between the vernacular and the symbolic, Gurney Norman has shown a noble reach and a healthy grasp." - John Updike

Same Sun Here Neela Vaswani 2012-02-14 In this extraordinary novel in letters, an Indian immigrant girl in New York City and a Kentucky coal miner's son find strength and perspective by sharing their true selves across the miles. Meena and River have a lot in common: fathers forced to work away from home to make ends meet, grandmothers who mean the world to them, and faithful dogs. But Meena is an Indian immigrant girl living in New York City's Chinatown, while River is a Kentucky coal miner's son. As Meena's family studies for citizenship exams and River's town faces devastating mountaintop removal, this unlikely pair become pen pals, sharing thoughts and, as their camaraderie deepens, discovering common ground in their disparate experiences.

With honesty and humor, Meena and River bridge the miles between them, creating a friendship that inspires bravery and defeats cultural misconceptions. Narrated in two voices, each voice distinctly articulated by a separate gifted author, this chronicle of two lives powerfully conveys the great value of being and having a friend and the joys of opening our lives to others who live beneath the same sun.

Anthony Harkins 2018-12-30 With hundreds of thousands of copies sold, a Ron Howard movie in the works, and the rise of its author as a media personality, J. D. Vance's *Hillbilly Elegy: A Memoir of a Family and Culture in Crisis* has defined Appalachia for much of the nation. region's future? Appalachian Reckoning is a retort, at turns rigorous, critical, angry, and hopeful, to the long shadow Hillbilly Elegy has cast over the region and its imagining. But it also moves beyond Hillbilly Elegy to allow Appalachians from varied backgrounds to tell their own diverse and complex stories through an imaginative blend of scholarship, prose, poetry, and photography. The essays and creative work collected in Appalachian Reckoning provide a deeply personal portrait of a place that is at once culturally rich and economically distressed, unique and typically American. Complicating simplistic visions that associate the region almost exclusively with death and decay, Appalachian Reckoning makes clear Appalachia's intellectual vitality, spiritual richness, and progressive possibilities.

exporting its coal. In 2004, West Virginia's coal industry provided almost forty thousand jobs directly related to coal, and it contributed \$3.5 billion to the state's gross annual product. And in the same year, West Virginia led the nation in coal exports, shipping over 50 million tons of coal to twenty-three countries. Coal has made millionaires of some and paupers of many. For generations of honest, hard-working West Virginians, coal has put food on tables, built homes, and sent students to college. But coal has also maimed, debilitated, and killed. *Bringing Down the Mountains* provides insight into how mountaintop removal has affected the people and the land of southern West Virginia. It examines the mechanization of the mining industry and the power relationships between coal interests, politicians, and the average citizen. Shirley Stewart Burns holds a BS in news-editorial journalism, a master's degree in social work, and a PhD in history with an Appalachian focus, from West
